

STBACI8320

Schneider Electric · Advantys STB

Standard 4-channel HART analog current input module

Module type

Standard analog input module (HART)

Channels

4 single-ended

Signal type

4-20 mA / 0-20 mA current, HART-compatible

Resolution

12 bits

Isolation

1500V AC field-to-bus

Hot swapping

Yes Compatible with STBNIP/STBNDP/STBNMP/STBNCO network interface modules

Supply voltage

24V DC (via PDM)

I/O base

STBXBA1000 (13.9 mm)

PDM

STBPDT3100 (24V DC)

Operating temperature

Not available

Storage temperature

Not available

Protection rating

IP20

Lifecycle

Discontinued (superseded by Modicon X80 range) (Last verified: 2026-09)
