

STBXBE1100

Schneider Electric · Advantys STB

EOS (End of Segment) bus extension module

Module type

EOS (End of Segment) bus extension module

Description

Terminates an extension segment; used with STBXBE1200 BOS module

Communication

Advantys STB bus extension

Supply voltage

24V DC (via logic bus)

Operating temperature

Not available

Storage temperature

Not available

Protection rating

IP20

Lifecycle

Discontinued (superseded by Modicon X80 range) (Last verified: 2026-09)
